

PHASECON 2026

EVIDENCE-BASED AI-ENABLED: PUBLIC HEALTH 2.0

About PHASE

Public Health Association for Students' Edification (PHASE) is a student-led public health body functioning under the aegis of the Department of Community Medicine & School of Public Health, PGIMER, Chandigarh. The association promotes interdisciplinary engagement among Bachelor's, Master's, and PhD public health students along with MD Community Medicine residents.

About PHASECON

PHASECON is the national-level student conference organized by PHASE at PGIMER, Chandigarh. The conference brings together experts, academicians, policymakers, and students to exchange ideas, present research, and discuss contemporary public health challenges through scientific sessions, workshops, and competitions.

Conference Theme

Evidence-Based AI-Enabled: Public Health 2.0, PHASECON 2026 envisions the next era of public health - one where AI empowers public health students & scholars to apply evidence-based insights for smarter disease prevention, real-time surveillance, and improved healthcare services. The theme reflects a vision of transforming public health systems through data-driven, equitable, and technology-enabled solutions.

WHY SPONSOR PHASECON 2026?

- PHASECON 2026 is a national-level student conference organized by the Public Health Association for Students' Edification (PHASE) under the aegis of the Department of Community Medicine & School of Public Health, PGIMER, Chandigarh.
- Sponsoring PHASECON offers organizations a high-impact platform to engage with future public health professionals, academicians, and policymakers at one of India's premier institutions.
- Sponsoring PHASECON enables organizations to engage directly with future public health professionals while gaining visibility among key national public health stakeholders.
- The conference offers a platform to showcase innovation in "Public Health 2.0," facilitate meaningful networking and collaboration, and demonstrate commitment to corporate social responsibility and public health advancement.
- Association with PGIMER enhances institutional credibility, while sponsor engagement contributes directly to capacity building and strengthening of India's public health workforce

Previous Conference Sponsors

Our previous conference was proudly supported by the Bill & Melinda Gates Foundation, PC Jewellers India, Punjab Medical Council, Access Health International, Serum Institute of India (SII), CM4T Loudspeakers, State Bank of India (SBI), Paramjeet Properties, and Sawan Jewellers.

Previous editions of PHASECON recorded a footfall of approximately 180 participants, reflecting strong national participation and academic engagement. Sponsorship ensures prominent visibility, meaningful interaction, and association with evidence-based, AI-enabled public health discourse.
