

# Pre-Conference Workshop

## Topic: Systematic Review and Meta-Analysis

Date: 12th February 2026

Time: 9:00 AM – 5:00 PM

### RESOURCE PERSON: DR. BIJAY KUMAR PADHI

Associate Professor  
Department of Community Medicine &  
School of Public Health  
PGIMER, Chandigarh

### OBJECTIVE

This hands-on workshop is designed to strengthen participants' understanding of the principles and processes of systematic reviews and meta-analysis. It focuses on building practical skills in literature searching, study selection, data extraction, and evidence synthesis. The session emphasizes rigorous, transparent, and evidence-based research practices essential for high-quality publications.

# Pre-Conference Workshop

## Topic: Implementation Research

Date: 12th February 2026

Time: 9:00 AM – 5:00 PM

### RESOURCE PERSON

Dr. Ankita Kankaria  
Assistant Professor  
Department of Community  
Medicine & School of Public Health  
PGIMER, Chandigarh

Dr. Limalemla Jamir  
Associate Professor  
Department of Community  
and Family Medicine  
AIIMS, Guwahati, Assam

Dr. Neha Dahiya  
Scientist-D  
ICMR, Headquarters

### OBJECTIVE

This workshop aims to introduce participants to the core concepts and frameworks of implementation research. It focuses on developing practical skills to design, conduct, and evaluate implementation strategies in real-world settings. The session promotes the translation of evidence into practice for improved policy and program outcomes.

# Pre-Conference Workshop

## Topic: Sample Size Calculation & Sampling Techniques along with Data Collection Tools and Methods

Date: 12th February 2026  
Time: 9:00 AM – 5:00 PM

### RESOURCE PERSON

**Dr. Kapil Goel**

Associate Professor  
Department of Community  
Medicine & School of Public Health  
PGIMER, Chandigarh

**Dr. Stuti Pramod**  
Senior Resident

Department of Community  
Medicine & School of Public Health  
PGIMER, Chandigarh

**Dr. Abdul Basith**  
Senior Resident

Department of Community  
Medicine & School of Public Health  
PGIMER, Chandigarh

### OBJECTIVE

This workshop aims to strengthen participants' understanding of sample size calculation and appropriate sampling techniques for research studies. It focuses on developing practical skills in selecting, designing, and applying data collection tools and methods. The session emphasizes accuracy, reliability, and methodological rigor in data-driven research.
